About KCMC

Kanagawa Children's Medical Center opened to the public in 1970 with 268 inpatient beds. In the 20 years, the hospital has expanded to have around 419 beds on wards with perinatal wards.

- We have 29 specialities.
- We treat around 490 outpatients a day.
- We have 419 inpatient beds,

  including 50 beds for severely-retarded children and

  40beds for orthopedically impaired children.
- We have a school for handicapped children within the hospital site.
